## SUMMARY

Motivated college student actively pursuing a Bachelor's at Parul university. Eager to apply and develop skills in programming languages, research, teamwork. Quick learner with a passion . Seeking opportunities to contribute to real-world projects and gain practical experience.

## EXPERIENCE

### Intern

**Octanet software services**                                                                         **September 2023 - November 2023**

- Results-driven and detail-oriented Python developer with a passion for creating efficient and scalable software solutions. Currently interning at Octanet Software Services, where I am actively engaged in developing and maintaining Python-based applications. Skilled in collaborating with cross-functional teams, I bring a strong foundation in software development principles and a keen ability to troubleshoot and optimize code. Committed to staying current with industry trends and best practices, I am eager to contribute my technical expertise and dedication to excellence as a valuable member of the Octanet Software Services team.

## EDUCATION

### Bachelor's of Technology

Parul University • Vadodara • 2025 • 6.97

### Board of Intermediate Education

Sri Chaitanya Jr Kalashala • Hyderabad • 2021

## CERTIFICATIONS

### Python Development

Octanet Software solutions • 2023

- Certification in Python Development: Successfully completed a comprehensive certification program in Python development, acquiring proficiency in key programming concepts, data structures, and algorithmic problem-solving. The certification highlights practical experience in developing Python applications, demonstrating a strong understanding of software development principles.

### Full Stack Web Devlopment

Udemy • 2023

- Full Stack Web Development Certification (Udemy): Attained a Full Stack Web Development certification from Udemy, showcasing a comprehensive skill set in both front-end and back-end technologies. Proficient in designing and implementing interactive user interfaces using HTML, CSS, and JavaScript, coupled with expertise in server-side development using frameworks such as Node.js and Express. Additionally, demonstrated proficiency in working with databases, API integration, and deploying scalable web applications. This certification reflects a commitment to mastering the entire web development stack and staying abreast of industry best practices.

### Deep Learning

Microsoft Student Learn Ambassador • 2022

- Completed comprehensive training in deep learning using Python. Proficient in TensorFlow and PyTorch, showcasing the ability to design and train neural networks. Demonstrates commitment to staying current in artificial intelligence and applying deep learning techniques to solve complex problems.

## SKILLS

- **Python Development**
- **Full Stack Web Development (HTML, CSS, JavaScript)**
- **Deep Learning**
